**FOR IMMEDIATE RELEASE**

**MCQUEARY HENRY BOWLES TROY, L.L.P. RANKED SECOND  
AMONG MID-SIZED DFW BUSINESSES IN  
2008 “BEST PLACES TO WORK” SURVEY**

*MHBT Also Ranked for Third Consecutive Year on ‘The Best of the Best’ List*

**DALLAS – May 2, 2008** – McQueary Henry Bowles Troy, L.L.P. (MHBT), one of the largest privately owned insurance and risk management firms in the U.S, announced today that it has secured the second spot on the *Dallas Business Journal*’s ranking of the “Best Places to Work” in Dallas-Fort Worth, up two spots from last year. This is the fourth year in a row that MHBT has ranked in the top five in its peer category and the fifth consecutive year that the company has been ranked in the top 15 medium-sized businesses by the *Dallas Business Journal*. Also, for the third year in a row, MHBT has secured a spot on “The Best of the Best” list, which recognizes the top 25 companies overall to work for in D-FW, regardless of their size or headquarters location. This year MHBT moved up to number 12 on the list from number 14 the prior two years.

“The MHBT culture is truly an amazing and unique quality that we believe sets us apart from other companies in DFW,” said Bill Henry, chairman and CEO of MHBT. “Our employees are the backbone of MHBT’s success, and being recognized as the second-ranked ‘Best Place to Work’ is a testament to how they feel about MHBT and our environment.”

The *Dallas Business Journal*’s “Best Places to Work” survey, handled by Kansas-based Quantum Market Research (QMR), an independent human resources company, questioned employees of participating companies about specific workplace issues. The top-scoring companies in four categories made up the 2008 list of “Best Places to Work” in Dallas-Fort Worth. The categories included: small businesses (1-100 employees), mid-sized businesses (101-500 employees), large businesses (more than 500 employees) and companies based outside the Metroplex. Only companies whose number of responses met QMR’s specifications to guarantee a 95 percent confidence level, with a margin of error of plus/minus five percent, were included in the final rankings.
